WORK EXPERIENCE

North-West University Student Assistant

2021–2021

- Apps and Advanced User Interfaces (CMPG212)
- Structured Programming (CMPG121)
- User Interface Programming I (CMPG122)

As a student assistant my responsibilities were to support the students during the semester. Providing them with feedback and advice regarding their module work.

North-West University Tutor

Feb 2021–Jun 2021

- Introduction to Computing and Programming (CMPG111)

As Tutor my main responsibility was to provide additional support to the students in order to firmly set their understanding in the modules work and help them achieve the modules outcomes.

North-West University Supplemental Instructor

Jul 2020– Nov 2020

- User Interface Programming I (CMPG122)

My main responsibilities as an SI was to improve the students academic success. I provided supplementary sessions in which the module work was discussed in a constructive and interactive way allowing the students to ask questions and then guiding them to the right answers or helping them to ask the right questions.

North-West University Student Assistant

Feb 2020– Jun 2020

- Introduction to Computing and Programming (CMPG111)

As a student assistant my responsibilities were to support the students during the semester. Providing them with feedback and advice regarding their module work.

CERTIFICATIONS
